

If you are looking for a job in Capital Transit Transportation and Transportation Construction, then the information below may be of interest to you.

Organization providing the training:

Operating Engineers Local 37 Training School

Physical Location where training occurs

5021 North Point Blvd
Sparrows Point, MD 21219

Description of the training offered:

Operating Engineers Local 37 Training School offers participants the training to become an Operating Engineer, also known as a Heavy Equipment Operator. Participants spend their time learning and practicing how to operate heavy equipment and machinery. The training program consists of a comprehensive 3-year registered apprenticeship program preparing individuals for careers as skilled heavy equipment operators, mechanics, and welders. The program blends hands-on field training, classroom instruction, and on-the-job training (OJT). Participants receive supportive services while enrolled in the program.

Trainees have the opportunity to earn the following industry-recognized certifications:

- OSHA 10 and 30 Construction and General Industry
- First Aid/CPR/AED
- 8 Different types of Crane Operator Certifications (NCCCO)
- Forklift certificate
- Fall Protection, trenching, and excavation certificate
- Haz whooper 40-hour certificate
- CDL class A and B

Am I eligible?
