LOCAL CONTRACTOR IS SEEKING TO HIRE Survey Technician- Field/Instrument Operator MWE# 1567235

JOB DESCRIPTION: The Survey Technician/Instrument Operator is a field position as a member of a field crew and assists in the performance of boundary, topographic, hydrographic and construction surveys and meanwhile learns the methods, standards and procedures for the work. Responsibilities include completing a variety of professional assignments to facilitate the completion of roads, bridges, building sites, recreational areas, retracement of surveys and establishment of property corners.

JOB DUTIES:

- Assists survey crew chief with chaining and measuring, setting forward stationing, data collection and photographs of the survey as directed.
- Provides instrument work with plumb bob or with prism rod; clears brush and small limbs as necessary to obtain line of sight readings.
- Unloads and deploys equipment and materials, including set up/break down.
- Responsible for equipment care, cleaning, and general maintenance
- Assists with office survey duties including data entry, filing, copying, record keeping and file maintenance for survey records.
- Ensures consumables such as stakes, nails, flagging, monuments or marker paint are stocked.

QUALIFICATIONS:

- High School Diploma, Associates Degree (preferred); strong in Mathematics
- Minimum two years of experience for Sr. Survey Technician.
- Excellent attention to detail and technical written and verbal communication skills.
- Able to thrive in a team focused environment and engage in creative, critical thought; takes initiative and can function at a high level on multi-disciplinary teams.
