**PROPOSED ORDER**

Upon a review of the available evidence, the Commission concludes that the Claimant has established a valid claim against the Maryland Home Improvement Commission Guaranty Fund. It has been established that the Claimant entered into a home improvement contract with the above-named Respondent and that the Respondent performed the work in an unworkmanlike, incomplete, or inadequate manner. It has further been established that, as a result of the conduct of the Respondent, the Claimant has sustained an actual loss in the amount of \$2,500.00.

Accordingly, the Commission hereby awards the Claimant \$2,500.00 from the Maryland Home Improvement Guaranty Fund, and Orders that:

LECTURE 1  
THE SPECIAL THEORY OF RELATIVITY  
PART I

LECTURE 2

1970

LECTURE 1

The special theory of relativity is a theory of space and time. It is based on two postulates: the principle of relativity and the constancy of the speed of light. The principle of relativity states that the laws of physics are the same in all inertial frames of reference. The constancy of the speed of light states that the speed of light in a vacuum is the same in all inertial frames of reference, and is independent of the motion of the source or the observer. These two postulates lead to the Lorentz transformation, which relates the coordinates of an event in one inertial frame to the coordinates of the same event in another inertial frame. The Lorentz transformation shows that time and space are not absolute, but are relative to the observer's frame of reference. It also shows that the speed of light is the same in all inertial frames of reference, and that the speed of light is the maximum speed at which information can travel.

LECTURE 3

1. Pursuant to Md. Code Ann., Business Regulation Art., § 8-411(a) any home improvement licenses held by the Respondent are suspended and the Respondent is ineligible for any home improvement license until the Respondent has repaid any money paid from the Home Improvement Guaranty Fund pursuant to this Order with 10% annual interest.

2. The records and publications of the Maryland Home Improvement Commission shall reflect this decision.

3. This decision is a proposed decision only and may be challenged by either the Claimant or the Respondent. If either party disagrees with this Proposed Order they may request a hearing or file written exceptions with the Commission. Any request for a hearing or exceptions must be in writing addressed to Home Improvement Commission Executive Director David Finneran at 1100 N. Eutaw Street, Room 300, Baltimore, Maryland, 21201 and must be received within 21 days of the postmark date of this Proposed Order. If neither party files a timely request for hearing or written exceptions, this Proposed Order will become final at the end of the 21-day period.

APPROVED: *David Finneran*
